★ TOP RECOMMENDED TRAILS

Whistler Olympic Park Day Lodge Trailhead

Snowshoe trails wander through different types of forests, take you to scenic lookout points and around the iconic Olympic competition venues including the Biathlon Range and Ski Jumps. Whether you are looking for a slow meander or a grueling grind, there is something for everyone!

The snowshoe trailhead is on the bottom level outside the rental shop. From here you can access the entire snowshoe trail network.

Stadium Explorer 3.0 km Easy ●

Stadium Explorer traverses the Whistler Olympic Park competition venues from the Ski Jumps to the Biathlon Range. Look for the Olympic signage that lines the trail with information about the 2010 Winter Games. Portions of the trail may be closed or re-routed from time to time to accommodate sporting events.

★ **Wetland Wanderer** 1.8 km Easy ●🐾

Wetland Wanderer is a relatively flat trail that makes its way through beautiful and significant wetlands. This trail is commonly used as a connector to Alexander Falls Explorer, Madeley Explorer, Marley's Meander, and Callaghan Explorer. A portion of the trail from Marley's Meander to Callaghan Country Base Area is dog-friendly for leashed dogs only.

Olympic Explorer 3.0 km Easy ●

Olympic Explorer is accessible from the North end of the Stadium Explorer trail. It is a steep climb up and down slopes heading to the top Ski Jump Trails. Along the way you will enjoy a grand panorama of the Callaghan Valley. An out and back trail or most difficult expert descent Callaghan Grind.

Ski Jump Trails 1.2 km and 2.0 km Easy ●

The Ski Jump trails navigate up and down small ridges and gullies in a mature forest of fir trees. These trails are open on weekends and holidays and are accessed via Olympic Explorer or a steep climb up the Callaghan Grind.

★ **Lookout Explorer** 3.2 km Intermediate ■

Lookout Explorer is a great choice for a short tour departing from the Daylodge. The trail traverses a mixture of flat lowlands and some moderate slopes to a beautiful viewpoint and shelter located at Top of The World (a great picnic stop). A fun tour for families.

Black Tusk Explorer 2.5 km Intermediate ■

Black Tusk Explorer is an extension of the Lookout Explorer Trail. The trail traverses above the Callaghan Valley with great views of Black Tusk for much of the route. At the furthest point of the trail it drops down to a creek and then makes the long climb back up to the Top of the World shelter.

Biathlon Explorer 1.8 km Intermediate ■

Biathlon Explorer begins on Wetland Wanderer to *Three Wolves* art installation. The trail then goes up a steep bank to the Biathlon Trail System. From there the trail makes its way between the Olympic Biathlon Ski trails to the north end of the Biathlon Stadium where it joins Stadium Explorer. Look both ways before crossing ski trails and avoid the tracks. This is a great trail for star gazing on clear nights.

Madeley Explorer 2.5 km Intermediate ■

Madeley Explorer travels along the Madeley Creek wetland through beautiful forests of mature Cedar. The round trip from the Day Lodge is a solid hike so plan to spend a few hours completing this route and bring a picnic lunch. The Madeley Explorer Trail can be accessed from the Biathlon end of Stadium Explorer or off of Wetland Wanderer.

Callaghan Grind 1.2 km Most Difficult ◆

Callaghan Grind is exactly how it sounds. It is a gnarly, expert climb to the top of the chairlift. A challenging access to the Ski Jump trails.

Callaghan Country Wilderness Adventures Alexander Falls Snowshoe Trailhead

Follow the single track snowshoe trail past Access Callaghan Rental Shop, Warming Hut and the sign board at the end of the Alexander Falls parking lot and embark upon a journey of wonderment as you wind your way through ancient rainforests and pristine frozen lakes. Visit the base of a frozen waterfall and marvel at the fresh tracks of the local forest inhabitants as they go about their day collecting food and socializing.

★ **Alexander Falls Explorer** 2.5 km

Ascent/Descent: 140 m Intermediate ■ Dog-friendly 🐾

Without a doubt...one of the most inspiring natural experiences of your lifetime! An exhilarating single track trail winding its way down to the base of a 55 metre frozen waterfall. *Warning! Some steep sections make this a challenge for some novices and small children.*

Express 0.5 km Most Difficult ◆ Dog-friendly 🐾

This is the "direct-on" short cut, to and from the base of Alexander Falls. Very steep and suitable for aerobic training. Not recommended in icy conditions

Finger Lakes 4.3 km Intermediate ■ Dog-friendly 🐾

Snowshoe through a coastal rainforest complete with old-growth cedars and extensive frozen marshlands. The perfect destination for a sunny day picnic lunch.

★ **Real Life** 4.9 km Easy ● Dog-friendly 🐾

Most often used as the exit route from Finger Lakes, this trail can also be accessed from the base area and is best known for being the home of the oldest cedars in Sea to Sky country. It is a wide, multi-use trail. Please respect other users' needs.

Treasure Trail 0.5 km Easiest ●● Dog-friendly 🐾

Perfect for first timers, families and little ones. Starts at Access Callaghan / Rental Shop and meanders around the base area ensuring a comfortable introduction.

Journeyman Lodge and Solitude Valley Trails (See Ski Callaghan ski trail map for visual overview)

Increasingly, more snowshoers are frequenting Journeyman Lodge for their overnight stays. Average travel times are about five hours, depending on snow conditions. Recommended route is Real Life / Wild Spirit Trail, a distance of 12 km and is routinely maintained. Journeyman Lodge provides the peace and tranquility of the Solitude Valley and the opportunity to explore old growth forests nestled into the toe of glacial reaches. Follow a set loop or explore your own path - the entire valley is yours to discover.

Whistler Olympic Park Dog-friendly Trails

These trails are a great place to get out and explore while burning off some of your four-legged friend's energy. Please access these trails from the appropriate parking lot. We ask you keep your dog away from trails that are not designated dog-friendly.

Marley's Meander 2.2 km Easy ● Dog-friendly 🐾

This novice snowshoe trail meanders around the Porters Glide ski trail area. The terrain is relatively flat and divided between open terrain with great views of the Brandywine Range and a path through a mixture of old- and new-growth forest. This is a fun place to take the family for an afternoon snowshoe. It also provides an opportunity for some members of your group to ski and others to snowshoe in the same vicinity. You are also welcome to snowshoe to the side of the Porters Glide Ski trail as well as explore the area that the ski trail encompasses.

Shuler's Shuffle 1.8 km Intermediate ■ Dog-friendly 🐾

A bit more challenging and quieter than Marley's Meander. Catch glimpses of Brandywine Mountain and Black Tusk while exploring second growth forest. You may also snowshoe on the Brandywine View / Metal Dome ski trails but please stay to the outside of the ski track.
